STATEMENT:

I remain committed to my District and the issues that effect my constituents, with the ever-present challenge of fairness to ALL Alaskans.

We need economic development that leads to GOOD job opportunities that pay well. Where breadwinners can provide for their families. Where their children and grandchildren can get jobs. Where generations can live on HERE in Alaska.

It means providing The BEST education for our children. Making sure our schools are funded adequately and fairly, whether they are urban or rural.

I support continued improvement of Southeast Alaska's transportation and infrastructure. Thus assuring access to jobs, health care, movement of fish, and better transportation options for locals and tourists alike.

I support resource development, the fishing industry, maintaining the permanent fund, and making Alaska a more business friendly state. I believe Alaskan families come first. I support implementation of a long-range fiscal plan. We need to be able to depend on a stable and continuing source of revenue to ensure needed State services such as education, public safety and transportation.

I will continue my regular radio and newspaper commentaries to keep you informed of happenings both at home and in Juneau. I am always available to listen, to learn, and to act on your behalf.

My basic philosophy is:

You don't make decisions because they are easy;
You don't make them because they are cheap;
You don't make them because they are popular;
You make them because they are RIGHT.
